ZV/ZR 44

ZV/FQ-100

WeatherShield™ SmokeMaker

AN AMERICAN SAFETY COMPANY

The WeatherShield™ represents a “quantum leap” in professional, military-grade heavy-weather use for smoke and fog machines. In drop tests, the case can withstand 50-100% greater force in drop tests than its competitors. The case incorporates many features aimed at increasing protection to the unit as well as the ease of operation. The cases ample height allows operation of the machine with fluid tank installed, and with built in power distribution, setup is greatly simplified.

Specifications:

External Dimensions

31.5" L x 20.5" W x 15.7" H

Internal Dimensions

29" L x 17.5" W x 12.75" H
